PURPOSE. The Memphis State University Millington Resident Center is located on the Naval Air Station at Millington. It is designed to provide college-level programs of instruction for the personnel of this station. Other persons in the area may attend these classes if they are acceptable to the Commanding Officer for entrance into the Station. Millington Center classes provide fully accredited, residence credit. Standards of admission, instruction and student performance are maintained at the same high level established for the campus program.

ADMISSION. Students beginning their college careers and students transferring to the University from other schools must apply to the Registrar for admission. The Registrar will provide information concerning admission materials and the required examination. Students are urged to make application as early as possible. Admission requirements must be met before a student comes to register for classes.

Former and current Memphis State day, Saturday, or evening students in good standing are eligible for evening classes by virtue of their original admission to the school. Former students should notify the Director of the Millington Center of their intention to return to the University, and request an "Application for Readmission" form. When this form is returned, registration materials will be prepared for the student.
